

A crown of glory—is a beautiful head of hair. An Australian lady now in London writes under date Jan. 28, 1907:

"Ayer's Hair Vigor has done my hair a world of good. Thanks to it, my hair is now thick, glossy, and soft, and when plaited is 55 inches long. Ayer's Hair Vigor ought to be used by every woman who takes pride in her appearance."

You also may have such a crown of glory if you will follow the example of this lady and use

Ayer's Hair Vigor

It will remove all dandruff and make your hair rich and abundant.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

Attractive Rooms

There's no reason why you shouldn't have them. But you can't, so long as the walls are dingy or dirty.

Wall Paper

—the right wall paper—will give them an air of neatness, cleanliness, and good taste.

We have a large new stock of the best wall papers. Call and see them.

DIVIDE CHURCH AND STATE

CHRISTIANIA, Norway, June 4.—The stonewall today unanimously resolved that a committee should be appointed to treat of various church matters and to discuss the separation of church and state. This committee will consist of nine men, five to be chosen by the stonewall from its own members and four to be appointed by the king.

SPORTS

The scheduled games in the big league on Saturday afternoon promise to be the most interesting of any of the games played so far this year. All four teams realize that they will have to play good fast ball if they wish to win, and it is safe to say that good clean ball will be in order. The first game between the Diamond Head and the Saints will be a hard game from start to finish, and the outcome is only a matter of speculation. If the Saints have the same line-up as they would have had last Saturday afternoon against the Puns if the game had not been called on account of the rain, the Heads should be able to win without very much trouble, but it is understood that the Saints will have the strongest team they can get together. The second game between the Kanis and the Puns should be the most interesting of the two, as the Kanis are in their winning stride and they feel confident that they will be able to keep it up. The Punahou team has been doing a great deal of practice the last week or so, and when they line up on Saturday they will be ready to play the game of their lives. The largest crowd of the year is expected to be on hand, and the presence of the sailors will be an additional attraction.

Independence Hall will be the scene on Friday and Saturday night of a number of boxing matches that are being arranged between local men and men from the battleships Maine and Alabama. The two best light and middleweight boxers in the Navy are on board the Alabama and they will be seen in action. Young Nelson and Frank Rafferty will meet in the main bout on Friday night, and Pennis Tighe and Murphy of the 29th Infantry will be the main attraction on Saturday night. Each evening there will be four and six-round preliminary bouts between local men.

The much talked of checker tournament for a gold watch offered by a member of the Y. M. C. A. will start tonight at the Association rooms on Hotel street. Twenty-five players have entered and some close games are expected before the tournament is won.

Quite a number of people journeyed out to Kaplani Park yesterday afternoon to witness the match race between

tween Leahi Girl and Mahana, but they were very much disappointed as Leahi Girl did not put in an appearance.

The Hawaiian Gun Club shoot at unknown angles will take place this afternoon at 5 o'clock on the Kakaako traps.

The Kaplani baseball league will meet tonight at the home of the president on Beretania street.

The Chinese Alohas met last night at the Chinese Y. M. C. A., a large number of members being present.

The Honolulu baseball league will hold a meeting tomorrow at noon in the office of the secretary. All members are requested to be present.

The Oahu Polo Club will hold a meeting at ten o'clock Saturday morning in the offices of B. F. Dillingham Company.

It is understood that the best boat crew in the Atlantic fleet is on board the Alabama.

There is some talk about a baseball game on Friday afternoon at the league grounds between the teams of the battleships Maine and Alabama.

Sailor Roberts, the crack wrestler of the Territory, will not be seen on the mat this week as was hoped for, as there are no men on the two battleships at his weight.

As there are no football teams in the Atlantic fleet due next month the proposed local team will not be organized.

A game of cricket will probably be played on Makiki field Saturday afternoon, if enough players agree to turn out.

The Hawaii is out fifteen days today. A number of people expect her arrival in San Pedro tomorrow.

W. Tin Chong has resigned as secretary of the Riverside Baseball League. Bernard Kelekolo will probably be elected in his place at the next meeting of the league.

KAUAI PAPER UPHOLDS PRESENT LIQUOR LAW

The Garden Island of Saturday last contains the following editorial plea in favor of the present liquor law:

According to a wireless from Honolulu Chillingworth, presumably the Senator, has said that an effort will be made to pledge the candidates to run in the coming campaign to work for a modification of the liquor law.

The country is getting pretty tired of having liquor so to say forced down its throat every time there is an election and the six months following it. It has had high license and low ditto; it has had the liquor traffic confined within a very limited sphere and practically open to everybody; the Treasurer has been the autocrat of that trade and now residents of the county have the say. Almost all corners of the liquor compass have been tried, and still the end seems to be far away. Either the temperance people or the public or the liquor dealers or all three of them at a time have been anathematizing the existing liquor law and they probably will go on doing it until they have roared themselves into the cemetery or the crematory.

What particular section of the act of 1907 that has aroused the ire of Mr. Chillingworth and his friend does not appear from the message and is also immaterial. What counts in this question is that the public at large does not seem to agree with the honorable gentleman from Honolulu.

The sentiment seems to be that taken as a whole the law is a pretty good one, tho it may be admitted that it gives extensive power in the hands of the commissioners. But the power has so far been entrusted to persons of indubitable integrity and impartiality, and the present administration at least may be relied upon to fill vacancies with men equally fitted.

The appointment of the commissioners by somebody unaffected by the political elections has proved a very desirable thing for the country districts as it has removed the liquor question from local politics. And right here is a reason strong enough for retaining this clause. The vast power of the Board has practically put the dealers on their good behavior, not only with reference to the keeping of the law as worded but even as meant. And there is another reason for leaving well enough alone. The law divides the duty of looking after its enforcement between the police and the inspector whereby the one acts as a spur to the other, another good idea in this country where men are apt to become indo-

lent. The clause making county residents the arbiters of county reasons for or against the issuance of a license is another good provision, tending to let more common sense rule the granting of it than was the case when a person entirely unacquainted with local conditions ruled licenses in or out often before the people whom the license affected the most knew anything about it.

The conditions that prevail in Honolulu are not identical with those with which the balance of the Territory has got to reckon. By actual interview most of the liquor dealers here on Kauai are satisfied both with the fact of the Commissioners being appointed and with the actions of the Board. They have not found it to be arbitrary, and the general public is certainly satisfied with the improvement that the law has worked in the local traffic.

There are a few ambiguities in the law; these can easily be clarified by the next legislature.

But the law as a whole ought to stand. It is by far the best liquor law we have had in the Territory, dreamers of extreme Utopia and disgruntled liquor dealers to the contrary.

THE VISIT ORDERED

The surgeons from the battleships Maine and Alabama, now in port, leave for Molokai tomorrow. In the Maui, returning Friday in the Mauna Kea, they will stop over only twelve hours. It is a significant fact that the doctors are going to Kalaupapa as a naval board under orders and not for their own personal information. Since Dr. Cofer has taken charge of the Territorial health department it is noticeable that the Federal authorities are taking a great deal of interest in the Settlement.

BE ON THE SAFE SIDE.

Your physician may be busy or out of town just at the time some member of your family has an attack of colic or diarrhoea. Such cases frequently prove fatal before a doctor can be summoned or medicine procured. No physician can prescribe a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has been in use for more than a third of a century and has never been known to fail. For sale by all dealers. Benson Smith & Co., Agents for Hawaii.

Fine Job Printing, Star Office.

KOKI FOUND NOT GUILTY

MANY MORE INDICTMENTS ARE PENDING AGAINST LATE POSTMASTER OF KAMUELA.

The jury in the Koki case, after considering the evidence for twenty-four hours, returned a verdict of not guilty yesterday afternoon at five o'clock. This came rather as a surprise to the majority who expected a conviction. The matter will not be dropped by the government, however. There are still about seven indictments pending against Koki and one of these will be taken up on September 1, as soon as the Federal court starts again with its criminal work.

It is expected that the Federal grand jury, which is now in session, will bring in still more indictments against the ex-postmaster of Kamuela and the case will be fought through by the Government to the last ditch, as U. S. District Attorney Breckons believes that he will be able to obtain a conviction on one of the many charges.

MEAT SHORTAGE GROWS SERIOUS

THE BEEF PACKERS ARE ALARMED AT THE SCARCITY AND RISING PRICES.

NEW YORK, June 8.—Beef packers throughout the United States, and especially in this section of the country, are becoming alarmed over the great shortage in the beef supply. Since last week the price has risen from 1 to 2 cents on the 100 pounds, and the price is now around one-third greater than it was the first part of June, 1907. The sharp rise in prices is said to be due entirely to the shortage in the supply of cattle in the market, and already there is talk of having to have beef which was exported to England last winter shipped back to this country in cold storage.

As a matter of fact, the exportation of beef from New York is practically nil, and the packers are not able to fill their contracts even with half of the amount of beef they have engaged to ship. It is known that a number of the packers are letting their contracts go entirely by the board and are paying their freight-rate contracts with the various steamship companies and keeping such meat as they have in this country, preferring to lose the price of the freight rather than to lose the meat, together with being compelled to sell the meat in England at a much less sum than they pay for it on this side.

CHICAGO, June 8.—It was announced today by the Chicago packers, because of a shortage of cattle and canned meats, the price of beef and canned meats will be increased. An official of Armour's, discussing the situation, said today: "There will be no great advance in prices. There is a shortage of cattle, but we do not expect it to last long."

MRS. TURTON DEAD.

News was received by Mrs. George Ross and Mrs. J. A. Hassinger yesterday of the death of their sister, Mrs. Annie Turton, in San Francisco, aged sixty-six years. Mrs. Turton was the widow of Harry Turton, a former partner of the late James Campbell in the ownership of the Lahaina sugar plantation.

Mrs. Turton had four children all of whom are dead. She has been a resident of San Francisco for the past fifteen years and for some time has been confined in one of the hospitals there owing to a stroke of paralysis. Mrs. Campbell-Parker was a frequent caller on her during the latter's recent visit to San Francisco and did all she could to make the closing days of the life of Mrs. Turton comfortable.

THE HANDY MAN

The Waimea notes in the Garden Island contain the following item: Jim Morse having finished the repairs to the wharf and shed has now tackled the court house. He declares that when he gets through with it he will have transformed the dark cell in which the district magistrate has hitherto held court into quite a respectable court room.

HER KIND OF HAMMOCK.

"I would like to look at some hammocks, please," said the pretty girl who was doing a shopping stunt. "I'm afraid we haven't anything in stock that will suit you," replied the clerk.

"How do you know what would suit me?" she asked in surprise. "Oh," explained the knowing salesman, "a pretty girl always wants a hammock that is only large enough for one and strong enough for two."

CUMMINS SEEMS TO BE COMING UP

THE INJUNCTION PLANK IS FAVORED—CANNON LEADING THE OPPOSITION TO IT.

CHICAGO, June 17.—The Taft forces claim the advantage in the struggle over the injunction plank in the platform. They assert that the appointment of a subcommittee of thirteen to consider controverted planks is a distinct success for their side. Chairman Hopkins having appointed nine men favoring the injunction plank and only four opposed. The Taft managers predict a favorable result in full committee, and also in the convention. Speaker Cannon is leading the opposition.

Governor Cummins of Iowa is having favorable consideration. The credentials committee favors the Taft delegates. All committees will report today.

SLOW GAINS FOR HEARST

NEW YORK, June 8.—Fifty-four ballot boxes were examined today in the recount of the disputed Mayoralty election of 1903 and William H. Hearst made a gain of eleven votes. Hearst has gained 16 votes in the examination of 208 ballot boxes which have been recounted since the proceedings commenced before Justice Lambert. Clarence J. Shearn, counsel for Mr. Hearst, stated tonight that there was no truth in the report that he was preparing to withdraw the case. He declared that every ballot box would be opened and the ballots counted.

BURNED TO DEATH

A Korean laborer was suffocated and his body cremated while assisting in burning off canefields at Makaweli on Tuesday of last week. He was among a party sent to guard a field of standing cane when a whirlwind had driven burning debris into it from the fire. After the cane was saved this unfortunate man was missing and the following morning his body was found among the burned cane.

Fraternal Meetings

Why "VUDOR" PORCH SHADES Are Needed

You need Vudor Porch Shades to get the most out of your porch.

To make it a spot where you can rest or work on the hottest days—outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades; you can add to the house another room, cool and shady, where you may enjoy every refreshing breeze, in secluded comfort.

Vudor Porch Shades are very durable, and will last many seasons.

Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days.

Vudor Porch Shades are just the thing for "boxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

Vudor Porch Shades are made of thin, flat strips of Linden Wood, closely bound by strong Seine Twine, in a lock-stitch weave.

They are artistically stained in soft, pleasing colors. These colors are

weather-proof, and will not fade or crack off.

The shades can be instantly raised, or lowered (operating on the principle of a theatre curtain) and are easily and readily put up.

"She can look out, but you can't look in"
